

T/S Britta Sail Training: Volunteer Opportunity

Between May 2021 and March 2022

Come and join a refit project for TS Britta, a traditional tall ship in Bangor, Gwynedd.

Exchange your hours/days of volunteering for hours/days sailing when Britta is operational again.

Join us for an hour, a day, a week or longer. We're flexible and accommodating.

Typically we work from 8:30 - 5:30, Monday - Saturday

No previous experience necessary, however it's always welcome!

Tea, biscuits and lunch provided for a day's work.

ON BOARD REFIT WORK

There's plenty of small jobs and projects for anyone to contribute to the renovation and restoration of the boat. Even if you've never been on board a boat before.

If you are skilled in mechanical, electrical or wood work...GREAT! We've got some exciting projects in all these areas, too.

ON SHORE VOLUNTEER SUPPORT: SOCIAL MEDIA / MARKETING/GRANTS

We're in a phase of building the T/S BRITTA brand and would welcome support from someone who enjoys managing social media profiles and creating regular content to capture the refit progress and volunteer experiences. Are you experienced with grant writing? We're looking for an experienced grant writer to support our Fundraising Coordinator in grants and sponsorship applications.
